## **PWI Is Named a World-Wide Distributor for the KADEX LED Wing Tip Light Assembly Designed for the King Air 350**

**February 24, 2022:** Canadian based aircraft parts distributor KADEX Aero Supply, has chosen PWI in Wichita, KS to be a world-wide, in-stock distributor for the KADEX LED Wing Tip Light Assembly. KADEX's LED Wing Tip Light Assembly is STC approved and designed for the Beechcraft King Air 350 aircraft.

“Being a distributor for the LED Wing Tip Light Assembly is another way PWI can provide King Air owners with additional lighting options,” says Robi Lorik, President and CEO of PWI. “We want PWI to be a one stop lighting shop for King Air owners and this is the next step in that process.”

**LED Wing Tip Light Assembly**

This LED Assembly provides a long life as well as increased durability and reliability. The LED Assembly also features reduced weight and power consumption compared to bulbs. The LEDs in the Assembly also reduce the chances of long-term lens deterioration.

“This LED upgrade provides trouble free operation for King Air 350 owners,” says Lorik. “The Assembly improves the pilot’s vision of his surroundings, while also improving his visibility to other aircraft.”

The LED Wing Tip Light Assembly is five times
